MAXI BABY & JUNIOR

UNCHANGED:

2-phase diet for puppies and young dogs.

Dogs from medium-sized and large breeds have different protein and energy requirements in the puppy and young dog phases.

With the 2-phase concept, Happy Dog prevents growth disorders during the young dog phase.

With up to 89% animal protein.

WHAT'S NEW?

1. We will no longer distinguish between **Medium** and **Maxi** since the new heart-shaped loop can be eaten equally well by all breeds.

2. There are now three delicious varieties:
- **Grainfree**
 - **Lamb & Rice**
 - **Original**
